

## CONGRESSMAN TENER IS TENDERED GREAT OVATION IN BEAVER COUNTY

Charleroi Man Defends Tar-  
iff Law in Address Before  
Republicans at Beaver Falls  
Last Night.

### RAIN DOES NOT INTERFERE

Other Speakers Boom Candi-  
dacy of Washington Countian for  
Re-Nomination in Twenty-  
Fourth District.

Congressman J. K. Tener is busy making the final roundup of the district. Last night he attended a meeting of the regular Republican organization of Beaver county at Beaver Falls, which was the largest and most enthusiastic gathering of the campaign in the county. Despite a cold, drizzling rain the large hall in the Benson building was crowded and many were unable to gain admittance.

The meeting was composed of young, earnest workers of the Republican party and every voting precinct in the county was represented, men coming by train, street car or other conveyance.

Attorney J. E. Holmes of Beaver presided and the speakers were Congressman Tener, Rev. G. W. Kincaid, a colored minister from New Castle; Attorney John B. McClure of Beaver and Harry O. Glasser, a young attorney of Enid, Okla., who was there on a visit to his parents.

Mr. Tener spoke briefly but earnestly. He said he had no words of condemnation for his opponent, T. L. Kennedy, in the race for the nomination for Congressman in the district. Regarding the present tariff law he said that while he did not consider it perfect yet it was the best bill that could have been passed by the House. He stated emphatically that the tariff was not responsible for the high cost of living.

The present tariff, while only a short time in operation, has reduced the deficit in the treasury from \$65,000,000 to \$10,000,000 and the remaining deficit soon would be wiped out. He said the River and Harbor bill now before Congress soon would become a law.

Mr. Tener said the farmers had been blamed for charging high prices for their products but in his opinion they were entitled to all they could get.

Farming was no monopoly, he said, and there is plenty of land for all who wish to follow that industry and share in the farmers' prosperity. The remarks of Mr. Tener were well received and applauded enthusiastically.

Mr. Kincaid said he had traveled throughout Washington, Beaver and Lawrence counties and found the Republicans wide awake and the prospects for the re-nomination of Mr. Tener were of the very best.

## MANY APPLICATIONS WILL BE ACTED UPON

A large number of applications have been received for membership at the Business Men's Association, and they will be acted upon tonight, with initiation following. The Business Men's Association is the outgrowth of the Merchants' Association, the name having been changed at the last meet-

ing held recently of the mother organization.

The Business Men's Association now takes in all business men, and the intention is to effect civic improvement, such as could not be best accomplished by the Merchants' Association.

## RIVERMAN PLEASED BY DEVELOPMENTS OF THE RIVER BILL

Send Congratulatory Tele-  
grams to Congressman  
Tener.

Congressman J. K. Tener has received a large number of congratulatory telegrams within the past few days from rivermen of the Pittsburgh district on the successful outcome of the conference committee's report on the Rivers and Harbors bill. The report leaves the appropriation for the extension of the Monongahela improvements and the initial work of improving the Youghiogheny river as far as West Newton and the general appropriation of \$1,150,000 for locks and dams on the Ohio river unchanged.

## CORRESPONDENT FAVORS RIVER MEN FOR OFFICE

To the Editor of the Charleroi Mail:

At a meeting of citizens and miners of California and vicinity held here to get the opinions of various candidates for Assembly, invitations were sent out to each candidate and only two responded. Dr. C. W. Yarnall and Wm. Feeney, who were unanimously endorsed by citizens and miners alike. This endorsement and other details have been telephoned to the Washington Record and no attention was paid to the same. This does not look fair to the laboring class of Washington county. Dr. Yarnall and Wm. Feeney have both emphatically endorsed the laboring class and interests pertaining to them and citizens of Washington county, and for that reason they were endorsed.

California, Pa., June 1.

Old King Cole was merry old soul, and a merry old soul was he, he called for his wife, his pipe and bowl, and he called for his fiddlers three; and he laughed ha! ha! and he laughed, he! he! then beckoned them closer about his knee. ## OBJECTIONS TO SUNDAY BALL GAMES

First Contest Between Do-  
nora and Charleroi Teams  
Raises Criticism

### ACTION MAY BE TAKEN

There has been considerable criticism of the officials and much talk among the church people and citizens in general who believe in Sunday observance about the Sunday baseball game which was played at West Columbia on Sunday afternoon between a Donora team and a Charleroi team. The game was won by the Charleroi nine by the score of 9 to 8. It is said there was a fairly good crowd at the game.

On Sunday in a local pulpit a minister made some strong statements concerning the exhibition, which are backed up by his congregation. It is possible that some action will be taken by residents along the valley with a view of stopping the Sunday games at Donora, and making the players pay the penalty for their act. This was the first time that Sunday ball was ever attempted in this community publicly by adult teams.

## LARGE NUMBER OF FRIENDS TURN OUT TO ATTEND ALLSOPP FUNERAL

Former Charleroi Man Uni-  
versally Respected in  
His Home Town

### FLORAL OFFERINGS MANY

The many Charleroi friends of the late William Allsopp of Williamsburg, Blair county, who died May 20 in the Pennsylvania University hospital at Philadelphia as the result of an operation, will be interested to know that he was universally respected in his home town. At the funeral, which occurred Sunday at Williamsburg, between 500 and 600 people turned out, including the entire lodge of Eagles which Mr. Allsopp had helped to organize at that place. The Charleroi lodge of Eagles, of which the deceased was a member, sent a handsome floral tribute, as did the Charleroi Royal Arcanum, to which Mr. Allsopp also belonged. The latter order was represented by Joseph Brand of Charleroi.

William Allsopp was born in Birmingham, England, in February, 1870. He was the son of William and Martha Allsopp and at the age of 20 came to America. He first located in Pittsburgh and afterward came to Charleroi, where he lived for several years. Four years ago he was married to Miss Annie Coble of Williamsburg, who survives. The couple lived in Charleroi for a short time and then removed to Williamsburg.

While employed in the Westinghouse Electric plant near Pittsburgh 19 years ago Mr. Allsopp met with an accident that resulted in the loss of his left eye and injuring his head. A few months ago he received another injury to his head in a paper mill, where he was employed, which aggravated the first injury. An operation in a Pittsburgh hospital brought no relief, and Mr. Allsopp went to the Philadelphia hospital for treatment, but the bones of his face had become diseased and cerebro-spinal meningitis set in which resulted fatally.

Those from Charleroi who attended the funeral Sunday were Joseph Allsopp, a brother, Joseph Brand, Mrs. Wm. Randon, Miss Martha and Fred Randon. Mrs. Fred Mathers of Pittsburgh was also in attendance.

Besides his brother Joseph of

Charleroi, the deceased is survived by another brother in England, Thomas Allsopp. While a resident of Charleroi Mr. Allsopp made many friends. He was a young man of exemplary character, quiet and unassuming, yet he exerted a forceful influence for good over those with whom he associated. He was generous and sympathetic to those in distress, and helpful to the needy. His untimely death is sincerely regretted by a wide circle of friends.

### Heathen America.

It may be somewhat of a surprise as well as a shock to Christian people to learn that less than forty-two per cent of the people of the United States belong to the Christian churches, both Protestant and Catholic. That is, out of every hundred people only 42 can be counted as church members. If the other fifty-eight per cent of the population of the United States should take a notion to go to church next Sunday, the capacity of every church in city, town, and country district would have to be more than doubled. We are wont to refer to Heath-

en China, or Heathen Japan, but Heathen America comes pretty near being in the same class, so far as church membership is concerned.

These statistics are gleaned from a bulletin received direct from the Bureau of the Census, which was only released for publication on Tuesday. The bulletin is an abstract of the census for religious denominations taken by the Department of Commerce and Labor in 1906. This census showed the aggregate number of communicants or members of all religious bodies to be 32,936,445. Of this total the Protestant denominations reported 20,287,742 and the Roman Catholic church 12,697,142. As the population of the United States in 1900 was 76,303,387, it is a safe estimate to assume that it would at least reach 80,000,000 six years later, when the religious census was taken in 1906.

One of the encouraging features of the religious census is that it shows church growth to be increasing more rapidly than the population. Another favorable showing is that church membership among men is increasing, and that this increase is greater in the larger cities than in small towns and in the country. The signs are favorable, but the showing in total is a long way off from what it is popularly supposed to be.

### Great Is The Mail.

Last week a monthly railroad ticket with trips aggregating \$2.50 was lost in this community. A lost "ad" in the Mail found it. A gold watch was also lost the same week at Elora Park. A lost "ad" in the Mail restored it to its owner. During the same period two valuable dogs strayed from their owner at North Charleroi. A lost "ad" was inserted in the Mail and the dogs came home. This week a Charleroi merchant inserted a want "ad" for a boy to work in the store with instructions to apply at the Mail office. The Mail answered twenty inquiries, and they're coming yet. An Allenport woman lost a chain and locket in Charleroi and yesterday inserted a lost "ad" in the Mail. This morning word was telephoned into this office announcing that the article had

been found and would be restored.

As an advertising medium in this community the Mail is unsurpassed. It goes into practically every English reading family in the community, and it is not swept into the alley, as are most of the advertising bills and circulars thrown upon porches, but is taken in and read by every member of the family able to read. Some merchants complain at times that they get no direct results from advertisements in the Mail, but they have no means of knowing how much trade they lose by not having their names and wares before the people. The Mail cannot guarantee to sell goods for advertisers, but it can and does put the advertisements published in its columns before the best class of people in a manner that no other medium can touch.

### Remember the Primaries

Next Saturday afternoon between the hours of 2 and 8 o'clock occurs the primary election. It is at this election that party candidates will be chosen for the office of Congressman, State Senator and three Assemblymen. Every qualified voter of any party has a right to express his choice of the various candidates of his party who are announced for the nominations. Out of the candidates nominated Saturday will be elected the officials who will represent us in the National and State Legislature.

It is therefore important that every elector attends the primary and casts his ballot, if he desires to have a voice in the selection of candidates. The primary is the most important election of the year. It is only by controlling nominations that political bossism and corruption exists. Take the control of the nominations from the hands of the bosses and their political power is gone. The voters now have the control in their hands if they choose to exercise it. Let every voter attend the primaries and the result will be the voice of the majority.

One doesn't hear about jiu-jitsu any more because the writers of the dope have entered other fields of prevarication.

"Millions For Defense But Not One Cent For Tribute"

## T. L. KENNEDY, Candidate for Congress ASKS FOR VOLUNTEER WORKERS

New Brighton, Pa., June 1, 1910.

To the Voters of Beaver, Washington and Lawrence Counties:—

In becoming a candidate for Congress I stated plainly in my platform that "The lavish use of money in politics has become deplorable."

I meant that and have kept it in mind while making my campaign.

I have not made a "MONEY" fight for the nomination.

I have not solicited or received one dollar from any licensed liquor dealer.

I have not solicited or received one dollar from any county or other office holder.

I have not solicited or received one dollar from any corporation or trust.

I would NOT accept the nomination if it had to be BOUGHT or if I had to beg funds for campaign expenses.

**Every Dollar I Have Spent Has Been My Own Money.**

While I have not made a "money" campaign I have spent some money in making a canvass of the three counties of the Congressional district and in presenting to the public through newspaper advertisements, letters, and by public meetings, my views on the issues of the day, are honest statements of which will be made according to law.

This I have done in order that each and every voter may know for whom and for what he is voting if he casts his ballot for me.

Paraphrasing that famous declaration: "Millions for Defense but not One Cent for Tribute," I say to you that I am willing to spend Hundreds to Present the Principles of Honest Government but Not One Cent for Bribery.

**Mr. Voter:—**

If you believe in the principles which I represent,

If you want to help down bossism,

If you want honest government,

THEN will you contribute ONE-HALF DAY of your time to the cause of clean politics?

**Will You come to the polls early Saturday afternoon and work in my behalf?**

**WILL YOU?**

The Cannon-Penrose-Oliver slated candidate will have paid workers there.

They will see that every Machine Vote is cast.

**Will you see that every Anti-Machine Vote is Cast?**

**WILL YOU?**

If the bossism that now rules the state of Pennsylvania with a high hand is to be downed many VOLUNTEER WORKERS will be needed on Primary Election Day. Go to the polls, MR. INDEPENDENT VOTER and see that your friends and neighbors come out and vote.

If you do the MACHINE will be SNOWED UNDER by an avalanche of VOTES FOR BETTER GOVERNMENT.

The seed of clean politics has been sown.

The crop is flourishing.

**Will You Help Reap the Harvest?**

Thanking you in advance for the help I know you will accord me, I remain,

Yours very truly,

**T. L. KENNEDY.**

### WOMEN'S BEAUTY

#### Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheeks won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

This was the advice of a prominent physician to a woman's club in Boston and it is good advice.

Belching of gas, heaviness, sour tastes in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor and vitality to every part of the body and when food ferments in the stomach enough nourishment is not supplied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

Mi-o-na is sold by druggists everywhere and by Piper Bros. at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress or money back.

## CONGRESSMAN TENER IS TENDERED GREAT OVATION IN BEAVER COUNTY

Charleroi Man Defends Tariff Law in Address Before Republicans at Beaver Falls Last Night.

### RAIN DOES NOT INTERFERE

Other Speakers Boom Candidates of Washington County for Re-Nomination in Twenty-Fourth District.

Congressman J. K. Tener is busy making the final roundup of the district. Last night he attended a meeting of the regular Republican organization of Beaver county at Beaver Falls, which was the largest and most enthusiastic gathering of the campaign in the county. Despite a cold, drizzling rain the large hall in the Benson building was crowded and many were unable to gain admittance.

The meeting was composed of young, earnest workers of the Republican party and every voting precinct in the county was represented, men coming by train, street car or other conveyance.

Attorney J. E. Holmes of Beaver presided and the speakers were Congressman Tener, Rev. G. W. Kincaid a colored minister from New Castle; Attorney John B. McClure of Beaver and Harry O. Glasser, a young attorney of Enid, Okla., who was there on a visit to his parents.

Mr. Tener spoke briefly but earnestly. He said he had no words of condemnation for his opponent, T. L. Kennedy, in the race for the nomination for Congressman in the district. Regarding the present tariff law he said that while he did not consider it perfect yet it was the best bill that could have been passed by the House. He stated emphatically that the tariff was not responsible for the high cost of living.

The present tariff, while only a short time in operation, has reduced the deficit in the treasury from \$85,000,000 to \$10,000,000 and the remaining deficit soon would be wiped out. He said the River and Harbor bill now before Congress soon would become a law.

Mr. Tener said the farmers had been blamed for charging high prices for their products but in his opinion they were entitled to all they could get.

Farming was no monopoly, he said, and there is plenty of land for all who wish to follow that industry and share in the farmers' prosperity. The remarks of Mr. Tener were well received and applauded enthusiastically.

Mr. Kincaid said he had traveled throughout Washington, Beaver and Lawrence counties and found the Republicans wide awake and the prospects for the renomination of Mr. Tener were of the very best.

## RIVERMAN PLEASED BY DEVELOPMENTS OF THE RIVER BILL

Send Congratulatory Telegrams to Congressman Tener.

Congressman J. K. Tener has received a large number of congratulatory telegrams within the past few days from rivermen of the Pittsburgh district on the successful outcome of the conference committee's report on the Rivers and Harbors bill. The report leaves the appropriation for the extension of the Monongahela improvements and the initial work of improving the Youghiogheny river as far as West Newton and the general appropriation of \$1,150,000 for locks and dams on the Ohio river unchanged.

## CORRESPONDENT FAVORS RIVER MEN FOR OFFICE

To the Editor of the Charleroi Mail:

At a meeting of citizens and miners of California and vicinity held here to get the opinions of various candidates for Assembly, invitations were sent out to each candidate and only two responded. Dr. C. W. Yarnall and Wm. Feeney, who were unanimously endorsed by citizens and miners alike. This endorsement and other details were telephoned to the Washington Record and no attention was paid to the same. This does not look fair to the laboring class of Washington county. Dr. Yarnall and Wm. Feeney have both emphatically endorsed the laboring class and interests pertaining to them and citizens of Washington county, and for that reason they were endorsed.

## OBJECTIONS TO SUNDAY BALL GAMES

First Contest Between Donora and Charleroi Teams Raises Criticism

### ACTION MAY BE TAKEN

There has been considerable criticism of the officials and much talk among the church people and citizens in general who believe in Sunday observance about the Sunday baseball game which was played at West Columbia on Sunday afternoon between a Donora team and a Charleroi team. The game was won by the Charleroi nine by the score of 9 to 3. It is said there was a fairly good crowd at the game.

On Sunday in a local pulpit a minister made some strong statements concerning the exhibition, which are backed up by his congregation. It is possible that some action will be taken by residents along the valley with a view of stopping the Sunday games at Donora, and making the players pay the penalty for their act. This was the first time that Sunday ball was ever attempted in this community publicly by adult teams.

## LARGE NUMBER OF FRIENDS TURN OUT TO ATTEND ALLSOPP FUNERAL

Former Charleroi Man Universally Respected in His Home Town

### FLORAL OFFERINGS MANY

The many Charleroi friends of the late William Allsopp of Williamsburg, Blair county, who died May 20 in the Pennsylvania University hospital at Philadelphia as the result of an operation, will be interested to know that he was universally respected in his home town. At the funeral, which occurred Sunday at Williamsburg, between 500 and 600 people turned out, including the entire lodge of Eagles of which Mr. Allsopp had helped to organize at that place. The Charleroi lodge of Eagles, of which the deceased was a member, sent a handsome floral tribute, as did the Charleroi Royal Arcanum, to which Mr. Allsopp also belonged. The latter order was represented by Joseph Brand of Charleroi.

William Allsopp was born in Birmingham, England, in February, 1870. He was the son of William and Martha Allsopp and at the age of 20 came to America. He first located in Pittsburgh and afterward came to Charleroi, where he lived for several years. Four years ago he was married to Miss Annie Coble of Williamsburg, who survives. The couple lived in Charleroi for a short time and then removed to Williamsburg.

While employed in the Westinghouse Electric plant near Pittsburgh 19 years ago Mr. Allsopp met with an accident that resulted in the loss of his left eye and injuring his head. A few months ago he received another injury to his head in a paper mill, where he was employed, which aggravated the first injury. An operation in a Pittsburgh hospital brought no relief, and Mr. Allsopp went to the Philadelphia hospital for treatment, but the bones of his face had become diseased and cerebro-spinal meningitis set in which resulted fatally.

Those from Charleroi who attended the funeral Sunday were Joseph Allsopp, a brother, Joseph Brand, Mrs. Wm. Randon, Miss Martha and Fred Randon. Mrs. Fred Mathers of Pittsburgh was also in attendance.

Besides his brother Joseph of

Charleroi, the deceased is survived by another brother in England, Thomas Allsopp. While a resident of Charleroi Mr. Allsopp made many friends. He was a young man of exemplary character, quiet and unassuming, yet he exerted a forceful influence for good over those with whom he associated. He was generous and sympathetic to those in distress, and helpful to the needy. His untimely death is sincerely regretted by a wide circle of friends.

### Heathen America.

It may be somewhat of a surprise as  
well as a shock to Christian people to  
learn that less than forty-two per  
cent of the people of the United States  
belong to the Christian churches, both  
Protestant and Catholic. That is, out  
of every hundred people only 42 can  
be counted as church members.  
If the other fifty-eight per cent of  
the population of the United States  
should take a notion to go to church  
next Sunday, the capacity of every  
church in city, town, and country dis-  
trict would have to be more than dou-  
bled. We are wont to refer to Heath-

en China, or Heathen Japan, but  
Heathen America comes pretty near  
being in the same class, so far as  
church membership is concerned.

These statistics are gleaned from a  
bulletin received direct from the Bureau  
of the Census, which was only re-  
leased for publication on Tuesday.  
The bulletin is an abstract of the cen-  
sus for religious denominations taken  
by the Department of Commerce and  
Labor in 1906. This census showed  
the aggregate number of communicants  
or members of all religious bodies to  
be 32,936,445. Of this total the Pro-  
testant denominations reported 20,287,-  
742 and the Roman Catholic church  
12,697,142. As the population of the  
United States in 1900 was 76,303,387,  
it is a safe estimate to assume that it  
would at least reach 80,000,000 six  
years later, when the religious census  
was taken in 1906.

One of the encouraging features of  
the religious census is that it shows  
church growth to be increasing more  
rapidly than the population. Another  
favorable showing is that church mem-  
bership among men is increasing, and  
that this increase is greater in the  
larger cities than in small towns and  
in the country. The signs are favor-  
able, but the showing in total is a long  
way off from what it is popularly sup-  
posed to be.

### Great Is The Mail.

Last week a monthly railroad tick-  
et with trips aggregating \$2.50 was  
lost in this community. A lost "ad"  
in the Mail found it. A gold watch  
was also lost the same week at Elborn  
Park. A lost "ad" in the Mail re-  
stored it to its owner. During the  
same period two valuable dogs strayed  
from their owner at North Charleroi.  
A lost "ad" was inserted in the Mail  
and the dogs came home. This week  
a Charleroi merchant inserted a want  
"ad" for a boy to work in the store  
with instructions to apply at the Mail  
office. The Mail answered twenty  
inquiries, and they're coming yet.  
An Allenport woman lost a chain and  
locket in Charleroi and yesterday in-  
serted a lost "ad" in the Mail. This  
morning word was telephoned into this  
office announcing that the article had

been found and would be restored.

As an advertising medium in this  
community the Mail is unsurpassed.  
It goes into practically every English  
reading family in the community, and  
it is not swept into the alley, as are  
most of the advertising bills and cir-  
culars thrown upon porches, but is taken  
in and read by every member of the  
family able to read. Some merchants  
complain at times that they get no  
direct results from advertisements in  
the Mail, but they have no means of  
knowing how much trade they lose by  
not having their names and wares be-  
fore the people. The Mail cannot  
guarantee to sell goods for advertisers,  
but it can and does put the advertis-  
ments published in its columns before  
the best class of people in a manner  
that no other medium can touch.

### Remember the Primaries

Next Saturday afternoon between  
the hours of 2 and 8 o'clock occurs the  
primary election. It is at this elec-  
tion that party candidates will be  
chosen for the office of Congressman,  
State Senator and three Assembly-  
men. Every qualified voter of any  
party has a right to express his choice  
of the various candidates of his party  
who are announced for the nomina-  
tions. Out of the candidates nomi-  
nated Saturday will be elected the  
officials who will represent us in the  
National and State Legislatures.

It is therefore important that every  
elector attends the primary and casts  
his ballot, if he desires to have a  
voice in the selection of candidates.  
The primary is the most important  
election of the year. It is only by  
controlling nominations that political  
bossism and corruption exists. Take  
the control of the nominations from  
the hands of the bosses and their  
political power is gone. The voters  
now have the control in their hands if  
they choose to exercise it. Let every  
voter attend the primaries and the  
result will be the voice of the ma-  
jority.

One doesn't hear about jiu-jitsu  
any more because the writers of the  
dope have entered other fields of pre-  
varication.

### ELECTRIC SPARKS

Next Monday nine of the Republi-  
can candidates for Assembly will be  
telling their friends it's worth all it  
cost to find out how many liars there  
are in the county.

Local option is becoming so popular  
that out in Oa they want to apply it  
to Sunday baseball.

The popularity of a young man may  
be judged by the number of roses he  
is able to wear at this time of the  
year.

One of the easiest things to move  
is a voting precinct.

If there is any worse smelling  
thing than one man who needs a bath  
it's another. And Charleroi had  
eight of them at one time the other  
day, with a diseased odoriferous indi-  
vidual thrown in for good measure.

The prosperity of a community  
may be adjudged by the number of  
freaks and individuals who locate  
there during any holiday.

Because a child is talkative is no  
sign it'll be a politician. It might be  
a barber.

For years Bradstreet and Dunn  
have been the greatest fortune tellers  
in the county, but it was only discov-  
ered by a writer in Puck the other  
day.

One of the ways to flatter a grand-  
mother is to tell her she doesn't look  
like one.

John D. Rockefeller has discovered  
that he can extract gasoline from gas  
and then pass the later product along  
for light and heat. Now he's kick-  
ing himself to think how much money  
he's burned by selling the gas just as  
it comes from the earth.
